

We are here for you.

WE ARE OPEN!

McCaleb Homes is committed to the health of our communities, homeowners, and employees by adhering to the following precautions set forth by state and federal guidelines.

Together, we aim to keep our communities safe!

Taking precautions:

Our models and spec homes will be **sanitized between visits** to ensure that all surfaces touched are clean (door handles, light switches, countertops, appliances, etc.).

Our homes are being professionally cleaned multiple times per week.

We will be **utilizing phone and virtual appointments** as well as private, face-to-face appointments when applicable.

Instructions for model home entry:

A face mask or covering is required inside our homes. We can provide you one, if needed.

Use our hand sanitizer station before you enter the home and hand washing will be available inside the home.

If you feel any type of sickness, please do not enter. Let's schedule a Virtual Visit!

Prioritizing health.

Model homes currently have a limited **maximum occupancy of five people, including staff.**

Our team is demonstrating **proper hygiene, wearing face masks and hand washing frequently** according to CDC guidelines.

Finding your forever home!

We all now know that **home is the most important place in the world** so we look forward to assisting you to find yours! We encourage you to reach out to **kylie@mccalebhomes.com** or call the number below for more info on our homes or **to schedule an appointment!**
